

We are excited to have the Northwest Mathematics Conference return to the Red Lion on the River in Portland, Oregon on October 12th – 14th 2017!

Strands:

Common Core Standards
Mathematical Practices
Current Technology
Differentiation
Assessment
... and much more

Nationally Known Speakers:

Dan Meyer -- Thursday Keynote
Fawn Nguyen -- Saturday Keynote
Plus:
Chris Shore, Graham Fletcher,
Annie Fetter, Robert Kaplinsky,
Andrew Stadel, Kim Sutton
... and many more

Something for everyone!

Over 100 sessions & workshops
Special session designed for administrators and their teacher teams (PLCs)
Over 75 exhibitors with the latest products and resources, including new technology
Mini-courses (3 hours) all day Thursday
Workshops and sessions all day Friday and Saturday

Important Information:

Please plan ahead with time and funding for this opportunity so that your educators can learn from nationally recognized speakers in mathematics education. Since this conference is only in Portland, Oregon every three years, make sure your educators don't miss it!

Pre-registration for OCTM or other math association members is only \$185 (\$210 for non-members). One box lunch for Friday is included with early registration. For more information, check our website:

<http://www.northwestmathconf.org/NWMC2017/>.

We hope to see you there!

Co-chairs: David Purdy, Jennifer Bell, Stephanie Blair
