

50th Northwest Mathematics Conference
October 13-15, 2011
Portland, Oregon

The Golden Anniversary:
Celebrating Fifty Years of Expanding Visions of Math Education

Dear Administrator,

What? The 50th annual NORTHWEST MATHEMATICS CONFERENCE will be returning to Portland on October 13, 14, and 15, 2011.

Where? Red Lion Hotel on the River at Jantzen Beach in Portland, Oregon

Highlights:

- Our program addresses the following strands:
 - Best Practices in Instruction and Assessment**
 - National Standards and NCTM Focal Points**
 - Historical Perspectives in Mathematics**
 - Future Trends in Mathematics**
- Over 100 presentations on mathematics teaching.
- Keynote speech by the current President of the National Council of Teachers of Mathematics (NCTM)
- Several special sessions designed for administrators and their teacher teams
- Over 75 exhibitors with the latest products and resources, including new technology

Featured Speakers:

J. Michael Shaughnessy, current NCTM President
Irving Lubliner, Professor, Southern Oregon University
Nationally known speakers:

- Greg Tang (Author)
- James Burnett (ORIGO Education)
- Brian Tickle (ORIGO Education)
- Don Fraser (University of Toronto Professor)
- Kim Sutton (Creative Mathematics)
- Barbara Novelli (Creative Mathematics)
- Judith Hillen (Creative Mathematics)

Important Information:

Pre-registration for OCTM or other math association members is only \$140 (\$170 for non-members). Lunch on Friday is included with early registration. Registration materials will be available on our web site (www.northwestmathconf.org/NWMC2011) in April.

We hope you will encourage your staff and colleagues to attend the 50th NORTHWEST MATHEMATICS CONFERENCE. As you are preparing next year's budgets, we hope you will give this conference your consideration.

For more information check our website: www.northwestmathconf.org/NWMC2011.

Very truly yours,

David Purdy, Co-chair
